Ian Balina is an influential Blockchain and Cryptocurrency Investor, Advisor, and Evangelist. He has appeared in The Wall Street Journal, Forbes, Huffington Post, The Street, INC and Entrepreneur Magazine for his work in analytics, cryptocurrencies, and entrepreneurship.

A former analytics Evangelist at IBM, Ian has brought a data-driven, "money-ball" approach to investing in cryptocurrency token sale (ICOs).

Ian Balina leads a global cryptocurrency investor syndicate that invests up to \$10 million in promising blockchain startup's token sales.

Ian is available for advisory and consulting opportunities to a select few blockchain companies and is currently an advisor to Pareto Networks, and Nucleus Vision.
